

Leyao Jin

Biotechnologist

I am a Biotechnology graduate with a strong interest in Proteins and Structural Bioinformatics. I am seeking opportunities to further develop my skills and expand my knowledge in these fields.

EDUCATION

Master in Bioinformatics for Health Science

Pompeu Fabra University

September 2024 - Present

Bachelor of Science in Biotechnology

Autonomous University of Barcelona

September 2020 - June 2024

LABORAL EXPERIENCE

Barcelona Supercomputing Center (BSC)

Research assistant

July 2023 - October 2023

Use of different programs and python libraries for protein structural and functional analysis.

COURSES AND CERTIFICATES

Fundamentals of Systems Analysis (2020)

National Institute of Cybersecurity (INCIBE)

Heterogeneous Biocatalysis: Design and Application of Immobilized Enzymes (2022)

Curauma Biotechnology Center

Bioprocess Engyneering (2023)

Oviedo University

Python Basics (2023)

Coursera, University of Michigan

Python Functions, Files and Dictionaries (2024)

Coursera, University of Michigan

VOLUNTEER EXPERIENCE

Asociación española contra el cáncer (AECC)

Volunteered at scientific talks organized by the AECC in schools and other activities.

Zooniverse

Classified information of different scientific entities.
